

Avinash Gajanan Dakhore

Walchand College of Engineering, Sangli

📍 Sangli, Maharashtra Phone: +91 9022551675 Email: avidakhore2020@gmail.com LinkedIn: Avinash Dakhore

Career Objective

Motivated final-year B.Tech IT student with strong programming fundamentals and hands-on experience in web development, databases and analytical skill. Seeking to begin a career in a growth-oriented organization where I can contribute through problem-solving, technical skills, and continuous learning.

Education

Walchand College of Engineering

Bachelor of Technology (B.Tech)

2026

Sangli, Maharashtra

Akola Arts, Commerce and Science Jr College Akola

Higher Secondary Certificate (HSC)

2022

Akola, Maharashtra

Projects

SanDrop — Online File Sharing Platform

ReactJs, Tailwind CSS, MongoDB, NodeJs, AWS EC2, S3, Docker

- Designed a fully responsive online file-sharing platform supporting **chunked and resumable uploads** with per-chunk progress indicators to ensure reliable large-file transfers under unstable network conditions.
- Deployed the complete application on **AWS infrastructure**, hosting frontend, backend, and database on EC2 instances and utilizing Amazon S3 for scalable and secure file storage.
- Containerized application services using **Docker Compose** (three containers) to improve deployment consistency and scalability.
- Implemented unique 6-digit access codes with configurable access policies (2-day guest and 21-day authenticated access), along with a live dashboard to monitor uploads, downloads, storage usage, and system metrics.

College ERP System

HTML, CSS, JavaScript, Python (Django Framework), MySQL, REST APIs, Git, GitHub

- Developed a **College ERP web application** using **Django (Python)** to manage interactions between students, faculty, and admin (HoD).
- Designed and implemented responsive user interfaces using **HTML, CSS, and JavaScript** for a seamless user experience.
- Automated key academic processes such as **student records management, attendance tracking, and communication workflows**.
- Built secure backend functionalities including **user authentication, role-based access control, and database management**.
- Improved operational efficiency by **streamlining administrative tasks and reducing manual work through digital solutions**.

Technical Skills

Languages: C++, Python
Frontend: HTML, CSS, JavaScript, React
Backend: Node.js, Django
Cloud and OS: AWS (EC2, S3), Linux Fundamentals
Databases: MySQL, MongoDB
Tools: Version Control(Git), GitHub, VS Code, Mysql Workbench
Coursework: Object-Oriented Programming (OOP), Database Management Systems, Operating Systems, Data Structures

Certificates & Achievements

- Red Hat Training — Linux Fundamentals (RH104, RHA)
- C-DAC (MeitY) — Ethical Hacking & Penetration Testing
- Capture the Flag (CTF) — WLUG METAMORPHOSIS 2K24 (*Secured Top 10 position among 130+ participants*)
- CUDA C/C++ Fundamentals — NVIDIA

Coding Profiles & Hobbies

Coding: LeetCode (1471), CodeChef (1320), HackerRank (5 star)
Hobbies: Chess (1431)
